PROGRESS UPDATE

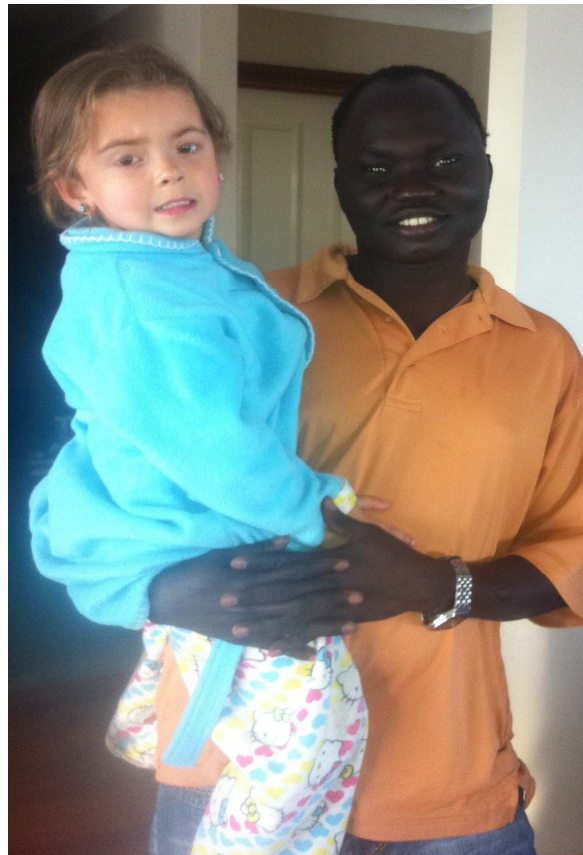

NOVEMBER 2011

TRIP BACK HOME.....

After fleeing from his home during an attack from the Government troops 14 years ago, Ker Kuol (27yrs old) is returning to the region around Malony to be united with his family members that survived the war.

Ker recently completed his nursing degree and will spend the next 2 months helping Sabet and Suzy from In Deed and Truth by working in the clinic in Tonj. Ker will also be co-ordinating other projects for KAS prior to the major trip next year in March.

After paying for his own flights and donating \$1000 to medicine, we want to thank him for his generosity to his people and pray that he will find his family.

KILI CLIMB ...

In March 2012 we are holding a major fundraising trip to Sudan where a group of 9 people will be climbing Mt Kilimanjaro (Tanzania). It is the highest mountain in Africa at 5,895 meters or 19,341 feet above sea level. Though the climb is technically not as challenging as when climbing the peaks of the Himalayas or Andes, the altitude, low temperature and high winds make it a difficult and dangerous trek. The purpose of the climb is to raise awareness of the plight of the village of Malony and also to raise much-needed funds to further assist the village in the building of a permanent school and medical center.

On completion of the climb we will be meeting up with KAS Chairman Roger Brook, and continuing on to the village of Malony to evaluate and assist with current KAS projects.

The current Team is as follows:

Simon Duke - youth pastor/ builder
Michael Lawrence - police officer
Chris Warren - student/retail
Amy Hawke - occupational therapist
Tim Hawke - youth pastor/nurse
Brian Ambrose - Doctor
Andrew Hansen - nurse
Andy Dunt – fire fighter / builder
Ted Bol Husn – videographer / web designer
Roger Brook – minister / lecturer

Whilst in Sudan we hope to be:

- Working in the clinic in Malony and also Tonj; (a community approx 25km from the village of Malony).
- Helping in the construction of school buildings, liaising with the community regarding future projects and appointing local project managers.
- Exploring setting up radio networks to allow communication between the village in Malony and the village in Tonj
- Sourcing materials for future fundraising
- Working with Sabet and Suzy from **In Deed and Truth** regarding water filtration/ solar ovens and re forestation projects
